ABOUT NSA:

The National Sheriffs' Association (NSA) is dedicated to serving the Office of Sheriff and its affiliates through law enforcement education and training, and through the provision of general law enforcement informational resources. NSA represents 3,086 sheriffs, deputies, and other law enforcement, and public safety professionals.

Those 3,086 sheriffs are in 48 states, oversee 450,000 sworn and administrative staff, 90% of PSAPS nationally, have over 750,000 jail beds, approximately 1,000,000 mobile devices, approximately 1,000,000 computers and are voice of safety in the north, south, east and west.

WHY BECOME A CORPORATE PARTNER OF NSA?

Corporate Partners of NSA receive the benefits of brand awareness, connections with leadership, discounted advertising rates in Sheriff & Deputy magazine and on www.sheriffs.org, discounted exhibit rates, and invitations to exclusive receptions and dinners that give you the opportunity to make connections and build relationships with key policy makers within the organizations.

NSA hosts two conferences each year. The NSA Winter Conference is held in Washington D.C. in February each year and averages 900 attendees. NSA's Annual Conference is held in June each year at different locations within the United States and averages 2,500 attendees. Don't miss the opportunity to stand out at each show!

At all four tiers of Corporate Partnership, your organization is gaining exposure, building long-lasting connections, supporting the association, and most importantly supporting the nation's 3,000+ sheriffs. They need your support now more than ever.
