The Honorable Jamie Raskin
Ranking Member
Committee on the Judiciary
United States House of Representatives
Washington, D.C. 20515

Dear Chairman Jordan and Ranking Member Raskin,

We, the undersigned organizations, representing our nation's federal, state, and local law enforcement community, write to express our strong support for H.R. 2243, the LEOSA Reform Act; H.R. 2240, the Improving Officer Safety and Wellness Through Data Act; and H.R. 2255, the Federal Law Enforcement Officer Service Weapon Purchase Act. We thank the Committee for considering these bills and encourage you to advance these measures to the full House expeditiously and without amendments.

The bills being considered by the Committee tomorrow support officer and public safety. H.R. 2243 addresses specific issues that well-qualified current and retired law enforcement officers face when exercising their right to protect themselves and others under the law. H.R. 2240 is an important first step to ensuring we are collecting the data necessary to fully understand assaults against officers and getting agencies the support and resources necessary to protect the health and safety of the men and women who so valiantly serve and protect our communities. And H.R. 2255 is a commonsense bill that allows active and retired federal agents to purchase their retired services weapons, eliminating waste and saving taxpayer dollars.

We urge all Members to vote on each of these bills at tomorrow's markup and oppose any amendments offered.

Sincerely,

Association of State Criminal Investigative Agencies
Federal Law Enforcement Officers Association
National Association of Police Organizations
National Narcotics Officers' Associations' Coalition

Major Cities Chiefs Association
Major County Sheriffs of America
Sergeants Benevolent Association NYPD
