

# TECH & WEARABLES

## PAVILION

Technology advances continue to impact every industry from security to surveillance to law enforcement. Technology comes in many forms and products from software to mobile apps to wearables. There is a clear need to share and demonstrate these diverse products with the people who can benefit from them and buy them.

The NSA Annual Conference and Exhibition responds with the Technology and Wearables Pavilion.

This special show floor section will be filled with different, unique innovations in security, law enforcement and first responder technologies. This is the ultimate place to highlight and feature your company's technological advancements, and unique wearable products...and there is more!

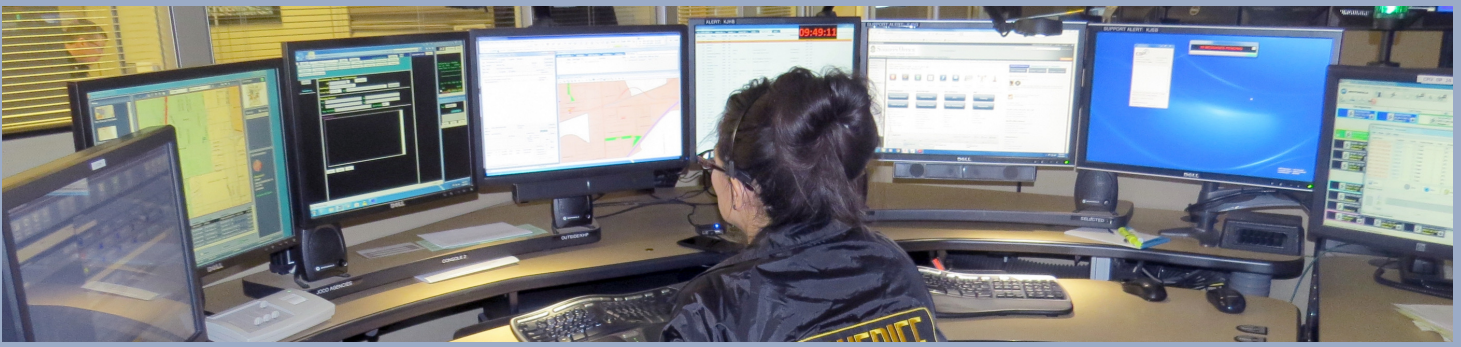

WHEN: NSA Annual Conference, June 15-19, 2018

[Expo dates: June 17-19, 2018]

WHERE: New Orleans Morial Convention Center in New Orleans, LA.  
Tech & Wearables Pavilion is located on the NSA 2018 Expo floor.

WHY: Sheriffs, law enforcement, jail, security, court professionals and first responders from around the country are purchasing new technology and wearables. NSA wants to satisfy these buyers and deliver more options for them to discover, compare and buy. The Technology and Wearables Pavilion is just what the buyers asked for! Exhibit here for great buyer engagement.

## Technology and Wearables Pavilion Exhibitor Extra Value Benefits:

- Special themed exhibit area with standout booth draping and aisle carpet and overhead signage
- 10 FREE exhibit hall only passes to give to your best customers/prospects
- Company listing in NSA conference program guide's Technology and Wearables Pavilion page, special website and floor plan highlights, inclusion in Technology and Wearable Pavilion social media highlights.

## BONUS FEATURE: Wearables Fashion Show:

In order to deliver even more exposure there will be a Wearables Fashion show on Monday, June 26th during the show floor lunch. As a pavilion exhibitor you may showcase wearable products and body wear. This "Wearables Fashion Show" will be located within the Technology and Wearables Pavilion and will include a fashion "runway" for live models to wear, demonstrate and explain the the benefits and features of the wearable while directing captivated buyer-attendees to the nearby booths. Exhibitors supply the model and wearable.

All this for a per booth rate of \$2300 (corner charges apply)!

Booths are limited so secure your preferred location today!

Reserve Your Technology and Wearables Exhibit Space today!
